The Rotary Club of Bandar Sungai Petani, in cooperation with its many partners in service, is aiming to collect as many as 200 new blankets from various organizations, companies and donors in

Sungai Petani before 26th March 2011, in an effort to help those who survived the earthquake in Sendai, Japan. Air Asia and Malaysia Airlines will fly all supplies collected immediately to Japan.

Many of those hit by disaster made homeless are now facing icy weather, with temperatures forecast to plunge to -5C (23F), and lives could be lost due to the
